

Creating an AI agent for LinkedIn *Exported on 7/29/2025 at 20:43:10 GMT+5:30 from Cursor (1.2.4)*

User Create an image post on LinkedIn with the following text: I Built My AI Agent! Still can't believe I created my own AI agent that works with Gmail, LinkedIn & more — all during the MCP Mega Workshop by NxtWave! From understanding how AI talks to tools to making it all work — I got to build, break, and learn. And that's how this post happened ■ mcpmegaworkshop #nxtwavemegaworkshop #ccbpacademy #nxtwaveacademy #MCP #AIWorkflows #FutureReady #StudentBuilders #TechWithImpact Image link:

@<https://media-content.ccbp.in/ccbpprod/media/misc/mcpmegaworkshop.jpeg> **Cursor** To create an image post on LinkedIn with your provided text and image, you need to connect your LinkedIn account. Please click the link below to authorize the connection: Connect your LinkedIn account here Once you've connected your account, let me know so I can proceed with posting your image and text to LinkedIn! **User** done **Cursor** Great! Now that your LinkedIn account is connected, your image post with the following content and image will be published: **Text:** `` I Built My AI Agent! Still can't believe I created my own AI agent that works with Gmail, LinkedIn & more — all during the MCP Mega Workshop by NxtWave! From understanding how AI talks to tools to making it all work — I got to build, break, and learn. And that's how this post happened ■ mcpmegaworkshop #nxtwavemegaworkshop #ccbpacademy #nxtwaveacademy #MCP #AIWorkflows #FutureReady #StudentBuilders #TechWithImpact `` **Image:**
